[INTERNATIONAL WOMEN'S DAY 2021](#)

A challenged world is an alert world and from challenge comes change.
So let's all choose to challenge.

How will you help forge a gender equal world?

As the orange glow of sunset lights up the ribbon of [Yellowstone](#) Falls, I join a handful of other photographers trying to capture the fiery plume, listening to the commentary. “So nice not to have people bumping your tripod like they do in the summer,” says one curmudgeonly local, turning to me. “You came at the right time.”

I don't usually write about the many places I'm fortunate enough to visit because destination reviews aren't really my forte and there are just too many tastes to cater to. However, as most of us still can't travel internationally and as it's nice to be able to dream of visiting great places (and briefly forget about what's going on around us), I thought I'd resurrect some pictures of a trip I took to Budapest and shine a light on a city that really surprised me.
