when I was a kid..

The director of the NIH sent this out to the 40,000+ staff members last week

No one will deny that this last year has been a struggle for all of us.
But now, because of your contributions, we have real reason for hope.
As I've been known to do, I've turned to music to share my gratitude for all you do

['Super Pod' of Dolphins Race Through the Water Off Dana Point, California](#)

A “super pod” of dolphins was spotted racing along the coast of Dana Point, California, on March 14. Dana Point Whale Watching, who shared this video, said it was a “super pod of common dolphins ... this behavior is known as the dolphin stampede The dolphins take off so fast they turn up the water, making it white water. You can hear them swimming through the rushing water.”

Fun Factoid

60 years ago today, Yuri Gagarin became the first human to enter outer space. A few interesting facts about that feat:

- He was just 27 years old.
- 567 people have gone to outer space since.

Here's an interesting question: If 568 people have traveled to space in the last 60 years...how many will go in the next five? Our completely uneducated guess is ~500 additional people will go to space by 2026.

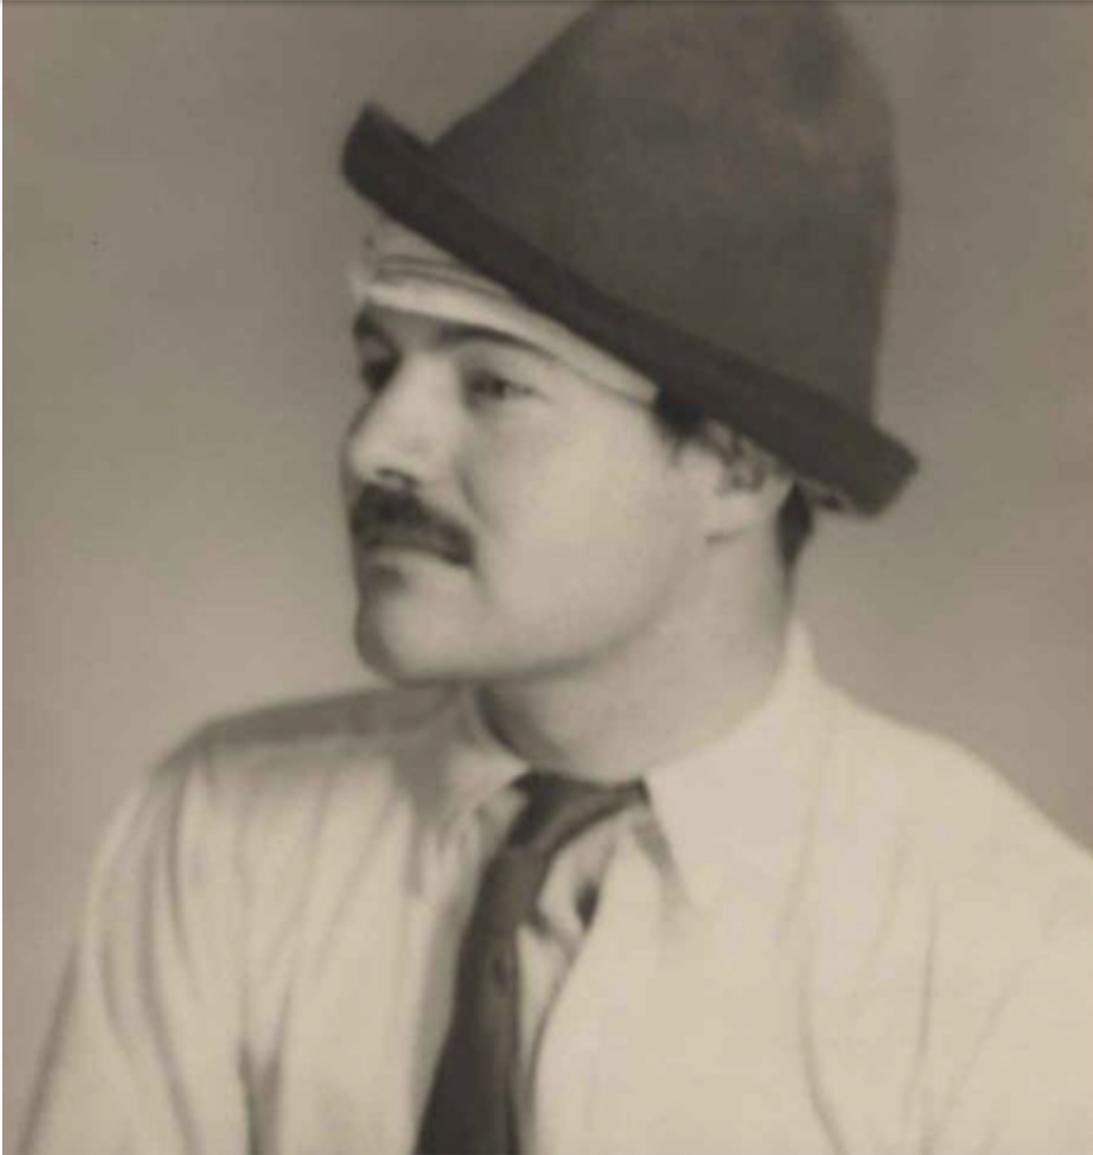

Learn about the effort to bridge the digital divide in Marin County

About this Event

Join the AAI network to hear from Liza Massey, Chief Information Officer with the County of Marin. Liza will speak about Digital Marin, the project to develop a digital infrastructure plan for Marin County, and how it will benefit older adults.

Inform&Connect is a series of free workshops and academies designed for help-desk, information hotline, front-line volunteers, staff, and community leaders who work with the public to provide information about programs and services for older people in Marin. Specialists share their expertise and resources through presentations and audience Q&A.

This hour-long academy will be held through Zoom. Please [register](#) to receive the link to join.
