## [Why You Shouldn't Skip Your Second Covid Shot](#)

Your second dose of vaccine gives you more protection than you might think. Here's why you should still get it, even if it's later than planned.

## [Buckminster Fuller, Isaac Asimov & Other Futurists Make Predictions About the 21st Century in 1967: What They Got Right & Wrong](#)

Why bother with reason and evidence to make predictions when you can put your faith in a chance roll of the dice? These two methods could be said to represent the vastly divergent ways of science and superstition, two realms that rarely intersect except, perhaps, when it comes to fortune-telling — or, in the argot of the 20th century's soothsayers, "Futurism," where predictions seem to rely as much on wishful thinking as they do on intuition and intellect.

## [Harvard's Digital Giza Project Lets You Access the Largest Online Archive on the Egyptian](#)

Nothing excites the imagination of young history-and-science-minded kids like the Egyptian pyramids, which is maybe why so many people grow up into amateur Egyptologists with very strong opinions about the pyramids. For such people, access to the highest quality information seems critical for their online debates. For professional academics and serious students of ancient Egypt such access is critical to doing their work properly. All lovers and students of ancient Egypt will find what they need, freely available, at [Harvard University's Digital Giza Project](#).

## [Covid Restrictions Lifting in Paris: France's Reopening Plan](#)

President Macron announced the government's latest plans to slowly lift the Covid restrictions and reopen the country for business and travel.
