

The word "Wednesday" is written in a large, bold, black cursive script. The letters are thick and expressive, with some ink-like splatters and variations in line weight, giving it a hand-drawn or painted appearance. The word is centered horizontally.

Happy Wednesday, Villagers

[An intergenerational dialogue: Juneteenth, continuing on the pathway to racial justice](#)

Today @ 3 pm

Today Juneteenth is a time when people of all backgrounds come together to reflect on the meaning of our shared history and the truth about our nation. There is no single way to acknowledge and recognize Juneteenth, but through celebrating this day (now recognized as a holiday in several states and many workplaces), we bring into focus the work that we have done together and the work that we have yet to do in our fight for racial justice.

Join Encore.org and My Life, My Stories as we hear from three storytellers who will offer different generational and regional perspectives on the meaning and observance of Juneteenth. By exploring the personal stories of Amber, Karimah, and Adell as well as a moving performance by Katherine, we hope to inspire you to pause for celebration while continuing the fight to overcome systemic racism in America

~ At local taverns, pubs, and bars, people drank from pint and quart-sized containers. A bar maid's job was to keep an eye on the customers and keep the drinks coming. She had to pay close attention and remember who was drinking in 'pints' and who was drinking in 'quarts', hence the phrase minding *mind your P's and Q's*.
