## [Cats Using Dogs As Purrsonal Pillows](#)

Sweet, sweet doggos! They are so fluffy, warm, and soft. We always to lay our heads against their belly and fall asleep. But sadly, our heads weigh too much and we're constantly worried we might hurt them.

It's a sad life, humans and our heavy heads getting int the way of our dream napttime. Not for cats though!

Cats can comfortably sleep on a dog without weighing down on them. And it's simply adorable to witness one animal sleeping on top of another. And while cats might not be the best judge [when it comes to sleeping locations](#), we think these following cats have pretty much purrfectted the ideal sleeping situation.

From the arid Southwest to the rocky coastline of the East Coast, the United States has some of the most stunning natural terrain in the world. Narrowing down the most awe-inspiring destinations in this country is one of the more difficult things we've done. Go ahead and argue with our choices, but here's our list of places that we can't stop drooling over.

### [Coronavirus lockdown changed how birds sing in San Francisco](#)

If you thought birdsong sounded different during lockdown, it turns out you were probably right. The uniquely quiet circumstances of the [covid-19](#) restrictions in San Francisco saw birds respond by lowering their pitch, singing sexier songs and making their songs clearer.
