It contains art by and about activists, immigrants, mothers, teachers, doctors, dreamers, and many more. These works, all completed between 2018 and 2020, depict a beautifully complex portrait of the Bay Area, and a vision of what the Bay Area could be.

*The de Young Open* represents how we chose to meet the uncertainty of 2020, with hope and in support of our communities. In the virtual tour, curator Timothy Anglin Burgard describes how these artworks reflect on this extraordinary time in human history.
