Free [COVID-19](#) testing by oral swab is coming to Marin County. Five rotating locations will offer coronavirus testing by online appointment for anybody, whether insured or not, as early as December 21.

The County of Marin has partnered with [Curative\[External\]](#), which offers a novel coronavirus test that has a higher clinical sensitivity than nasal cavity swab tests. The simple, painless test is self-collected, and results are returned within 48 hours by email or text. To date, Curative has distributed more than 5 million test results nationwide and is processing about 70,000 test kits per day with plenty of capacity.

Local test collection locations will rotate around Marin County, and online appointments via the Curative website will be available beginning four days before opening day at each location.

Here's the schedule:

- **Mondays, starting December 21:** Bolinas Fire Station, 100 Mesa Road, 10 a.m. to 12:30 p.m.; San Geronimo Valley Community Center, 6350 Sir Francis Drake Boulevard, 2-4 p.m.
- **Tuesdays, starting December 22:** United Market, 100 Red Hill Avenue, San Anselmo, 10 a.m. to 4 p.m.
- **Wednesdays, starting January 6:** Sausalito City Hall, 420 Litho Street, 10 a.m. to 4 p.m.

[Explore the “Exploded” Inner Workings of the Ford Model T, the Car That Changed America](#)

The Ford Model T car is an American icon. Billed as the country's first affordable vehicle, it was released in 1908 by the Ford Motor Company under the direction of Henry Ford. Sold for between \$260 and \$850 (about \$7,300 and \$24,000 in 2020), the car allowed the middle class to become motorists. American daily life adapted itself to this new mobility, and the U.S. still remains a nation of drivers.
